

Official Lyft Emblem

Temporary Version

Print two copies of this in color, cut along the bold dotted lines, and fold along the thin middle line.

Official Lyft Emblem

Placement

Place one emblem in the lower right-hand corner of your front windshield (passenger side) and the other in the same corner of your rear windshield when giving Lyft rides.

FRONT WINDSHIELD

REAR WINDSHIELD

Bikes & Scooters Emblem

Temporary Version

This emblem isn't required in your car, but it helps remind passengers that we share the road and they should be careful when exiting. Print this out and cut along the dotted lines. Place it in any rear window, facing the passenger.
